

JOURNAL OF MATHEMATICAL ANALYSIS AND APPLICATIONS **41**, 270 (1973)

Erratum

Volume **39**, No. 1 (1972), in the article "Theory of a General Class of Dissipative Processes," by J. K. Hale, J. P. LaSalle and Marshall Slemrod, pp. 177–191:

1. P. 189, line 12 should read "then J is stable $(\mathcal{B}, \mathcal{C})$ and if $J \subset \mathcal{B}$, then J is weakly stable $(\mathcal{B}, \mathcal{C})$."
2. P. 189, line 13 should read "Assume J is not stable $(\mathcal{B}, \mathcal{C})$."
3. P. 189, line 15 should read " $y_j \rightarrow J$ as $j \rightarrow \infty$."
4. P. 189, line 26 should read " $T^{n_{j+1}}y_j \rightarrow z \in \mathcal{C}$ as $j \rightarrow \infty$."
